A field opposite the bungalow of Postmaster and Mrs. C. A. FIFTY TENTS ERECTED. Getting Ready For Big Camp Meeting of Seventh Day Adventists—Their Belief and Work. The camp being pitched on Davis field, Danielson, is taking on the appearance of a cotton city, about fifty tents being already on the ground. It is expected that a large number of men will come today, and finish the setting all in readiness for the campers.

The Seventh Day Adventists began their work as a separate denomination about seventy years ago, and by 1874, had increased in this country to the extent, that they were able to begin missionary operations in foreign lands. The doctrines which especially distinguish them from other Christian churches, are indicated in the name which they have chosen. They observe the seventh day of the week as the Sabbath, which according to the scriptural reckoning begins at sunset Friday evening, ending twenty-four hours later. They believe in the personal return of Christ to the earth, at an early date. However, in all their history, they have never set a time for the second advent, either as a body, or as individual ministers. Their teaching strongly opposes time-setting but as close students of Bible prophecy they believe that it is their privilege to know when that event is near.

They have, through their publications and public work for many years, predicted the present European war, and will give considerable time to the discussion of this question, in the light of Bible prophecy, during the encampment. A dining tent is operated on the grounds, the meals being served on the cafeteria plan, no flesh meats being served. There are several branches, or departments in the work of the denomination. The publishing department operates some of the largest printing houses in the country, devoted to religious publications, the sales for 1914 being over two millions of dollars. The medical department operates many large sanatoriums, scattered in all the principal countries, in which the sick are treated successfully by rational treatments, drug medication being eliminated. The educational department has developed a system for the education of the children of the denomination in

its own schools, all the way from the primary to collegiate course, with a present total enrollment of about 20,000 pupils.

The religious liberty department is devoted to the effort of maintaining the freedom to worship God according to the dictates of the individual conscience, resisting all encroachments of the state in matters of faith, and warning the church against the endeavor to secure the enactment of religious legislation.

Strongly evangelical in faith, believing thoroughly in the necessity of regeneration, the meetings will be of a practical, as well as a spiritual nature.

MOOSE EARNED TROPHY. Claim Bridgeport Was Awarded Cup Due Local Lodge. Putnam lodge of Moose has entered a protest because a prize to be awarded at Hartford last Saturday to the lodge coming the longest distance to take part in the state parade in that city was awarded by the judges to the Bridgeport lodge instead of to the local organization. The prize was a silver cup. Bridgeport's organization traveled 53 miles to get to Hartford, while the Putnam members had 57 miles torn off their mileage books in getting to the capital city.

The Putnam lodge made a fine showing in that it not only was so valuable, but having qualified on the long distance proposition with premier honors the local men feel that they should have what they are entitled to; hence the protest.

Nothing Doing in Playgrounds Promotion. The public playground plans that were launched last month are not making much headway. The few who are interested wish, one of the chief difficulties being a lack of funds to properly institute the work and maintain it.

There are some who have expressed their willingness to subscribe money for such a purpose, but the number of pledges and the amount of the contributions are not sufficient to warrant the launching of the undertaking without greater support. Hobbes Do Not Tarry. Captain John Murray continues to keep close tabs on the hobo camp north of the city that was raided a few

weeks ago with a clean-up of 15 trunks, all of whom received jail sentences. Watch of the place will be continued.

CLASS BANQUET. Graduates of Academy of the Holy Family Respond to Timely Toasts. The class banquet held in honor of the graduating classes at the Academy of the Holy Family Sunday evening was a very enjoyable affair. The dining hall was prettily decorated in the school colors intermingled with the colors of the graduating class. Pink roses and laurel were used to bring about a beautiful effect in table decorations, favors, place cards, etc.

There were clever and timely responses, as the young lady banqueters responded to the calls of the toastmistress, Miss Genevieve Lynch. A blank menu card was given to each guest which was to be filled in an allotted time from a list of sentences or phrases suggesting some food or drink.

There was a guessing contest in which the most successful guesser was to be awarded a pretty hand painted puff box. After this the menus were called in and the prizes were awarded.

Boys' Club: Slavkin and Weltzman. Town team: Weltzman and Storrs.

Mr. Rattner umpired. As a number of the Boys' Club team attended the High school and live out of town, it is the idea of Superintendent Smith of the Boys' club to pick out the best players of the clubs' team and the town team and consolidate them in one team.
